### **RESOLUTION OF THE MAYOR AND BOARD OF ALDERMEN OF THE TOWN OF DOVER, COUNTY OF MORRIS, IN SUPPORT OF ENSURING A COMPLETE AND ACCURATE COUNT OF DOVER RESIDENTS IN THE 2020 DECENNIAL CENSUS**

**WHEREAS**, pursuant to Article 1 Section 2 of the U.S. Constitution, the U.S. Census Bureau is required to conduct a count of the population every ten years, including both citizens and non-citizens, and has been doing this since 1790, and;

**WHEREAS**, the demographics of the United States continue to grow and shift, including many new arrivals to our Country and the Dover community in particular, and;

**WHEREAS**, approximately 675 billion dollars per year in federal funding is allocated to communities, and decisions are made on matters of national and local importance based on census data, including healthcare, affordable housing, transportation, National School Lunch program, SNAP and WIC programs, just to name a few, and;

**WHEREAS**, census data also determines how many seats each State will have in the U.S. House of Representatives as well as the redistricting of state legislatures and voting districts, and;

**WHEREAS**, because of these important issues, the Mayor and Board of Alderman of the Town of Dover, are committed to ensuring that every resident in the Town of Dover is counted in the 2020 Decennial Census.

**NOW THEREFORE, BE IT RESOLVED**, by the Mayor and Board of Alderman of the Town of Dover, that:

1. We will continue to work with the U.S. Census Bureau and local organizations, such as the Morris County Organization for Hispanic Affairs, Wind of the Spirit and the Morris County Family Success Center among others, to ensure that our population understands the importance of all residents, whether citizens or not, of being counted, and;
2. We will work diligently to ensure that all residents understand that Title 13 of the U.S. Code requires that all data collected by the Census Bureau is kept strictly confidential, and is never shared with any other Federal Department or Law enforcement agency on any level including Homeland Security, ICE, or local law enforcement, and that the data is only used to apportion dollars for much needed social programs in our community that all residents take part in on some level, as well as for the apportionment of seats in the U.S. House of Representatives which also helps ensure much needed federal funding in our community.
